

Global Total Packaging Solution Company

SEOCHANG Industry Co.,Ltd.

CEO Message

Seochang Industry is a leader of high quality flexible packaging which established in 2010 by professionals who have more than 30 years of experience. Based in Korea of republic.

Through continued technology development, we have self-developed various products such as not only Retort pouches but also a moisture-proof pouches and shock-mitigation bag etc. And our company has grown to become a global packaging solution company, surpassing 50% of exports.

Currently, we are growing into a company with which our customers are fully satisfied by incessantly innovating technology, quality, delivery ability, and price competitiveness with all process manufacturing ability from start to finish (PRINTING, DRY-LAMINATION and SEALING)

We are devoted to customer service, and will continue to make ceaseless efforts to develop into a global flexible packaging solution company.

Thank you for your continued support.

CEO. **Wonkon KIM**
